28 Lynette Blvd Kingston, NY 12401

(845) 416-3531

As in the past I will be shrink-wrapping boats that are wintering here. Please fill out the work order to schedule your boat for shrink-wrapping. Shrink wrap prices include framing and 4 vents. We also have mildew bags upon request. When spring has sprung we also offer an "unshrink-wrap" service. This service includes removal and disposal of all shrink-wrap, and framing for an additional fee of \$80.00. This is mandatory as per RYB. Please give one week notice in the spring to have this service completed. We now offer bright work and wood refinishing. Now is the time to discuss any repair work you may have. We also offer detailing, waxing and boat washing throughout the summer season so inquire and sign up in the fall for special price discounts!...Boats are checked throughout winter for snow buildup.
